PROJECTS

WareHome

[03/2021 – 06/2021]

WareHome was a Windows.Forms application which a colleague and I developed as part of a "Software Engineering" course. Working on the project has provided me with skills in C# and documenting a software product.

Obitelji3Plus CRM

[10/2021 – 03/2022]

Obitelji3Plus is a Customer Relationship Management project that the rest of my team and I worked on as part of our "Software Analysis and Design" course. I worked on the project using PHP (**Laravel**), JavaScript, HTML and CSS.

Queen Drinks Alone

[Current]

"Queen Drinks Alone" is a mobile application created in **Xamarin.Forms**. The app is now available worldwide on the Google Play Store.

MANAGEMENT AND LEADERSHIP SKILLS

Team leading during college

During my years at university, I have been team leader numerous times. In a team surrounded by equally qualified peers, I find I tend to take charge and therefore I have acquired some skill in the area of management and leadership.

HOBBIES AND INTERESTS

Video games

I have been an avid gamer since I was a child, spending my time playing a range of videogame genres - mostly MMORPG games such as World of Warcraft where I have come to speak and understand the English language at an advanced level.

Movies

TV Shows

Technology

Smart devices such as phones, TVs, but also monitors, PCs and PC components.
